## Qui Si Bella Medi-Spa

SANTA BARBARA, CALIFORNIA

**S**ECRETLY, FOR EVERY WOMAN who wants to be a radiant, confident, audacious beauty, and for every man who wants a soft place to fall, a place to balance his masculinity, Qui Si Bella is the place to be. Qui Si Bella, meaning "Beauty From Within," is the cornerstone philosophy and mantra of this exclusive gem nestled away in culturally refined, yet playful Santa Barbara.

The spa is a retreat from the everyday world, a sanctuary of healing and renewal. A familial bonding resonates here among the attentive staff and its guests. The ambience, service, and decor will leave you feeling transformed and transcended.

Massages, facials, wraps, scrubs, medical aesthetics, nail care, and nutrition are all part of the collective vision of healing, balance, pampering, and relaxation at Qui Si Bella.

At Qui Si Bella, the fusion of European and Asian cultures focuses on inner and outer beauty, the nuances of indulging every sense, from the signature healing rituals to the spa's private label essential oils. Romantic, European warmth melds with the exotic elegance and loving reverence of Southeast Asian culture.

Amid waterfalls and Tuscan-style architecture, with exotic Asian accents, select from our extensive spa menu. Qui Si Bella

wellness and beauty experience includes herbal baths, hot stone massage, custom facials, Lotus Ayurvedic Treatment, and exclusive Jade Eye Rejuvenation Treatment.

To nurture relationships and sanctity of spirit, the soothing milks, essential oils and minerals in the Balneo Rituals at Qui Si Bella are a real treat, and not to be missed. The spa's loving, spiritual energy is heightened with powerful symbolism in a serene setting—the Chinese goddess of compassion, spiritual growth, and unconditional love, Kwan Yin.

Combining ancient ingredients with modern technology, our signature beauty treatments and total body wellness programs are designed to personalize your spa experience, including our in-house holistic RN nutritionist.

Qui Si Bella Medi-Spa is the culmination of owner Chrys Huynh's dreams for a total wellness center where people can nurture feelings and rekindle with loved ones. Chrys is a visionary with over 21 years in the spa and beauty industry—creating an ethereal place where people can heal themselves, spiritually, emotionally, physically, and mentally.

Begin your personal wellness journey with Qui Si Bella and experience your own beauty from within.
